Alfa Romeo 1300 Junior Zagato 1972 LHD I am happy to announce I have been able to find yet another excellent Junior Zagato! Styled by Ercole Spada at the height of his powers. Although initially his design on the Alfa 105-series theme wasnt warmly received when it was unveiled in 1969, his style was often copied in a second stage, not least the first generation Honda CR-X, but none matches the purity of the template-setting original... Based on the Spider platform, its around 90 Kg lighter than the regular GT Junior/GTV and has a smaller frontal area... It feels better balanced than any other 105-series Alfa... Comparatively few were made (1.108 examples of the 1300) so finding one is the tricky bit. It's well worth the effort. Octane magazine April 2015 . Well, what can I say more? That I have a very, very nice 1300 example for sale. Matching numbers, original colour and with certification letter from Alfa Romeo Storico and from Zagato.
