Armstrong Siddeley Countryman

1927

Gallery

14HP, 4 seater Tourer, with Auster screen. Body by Burlington - Coventry. RHD, 4 cilinder; 1,8 L engine, offering strong performances. Very original and extremely sound condition. Still with very original leather showing lovely patina. Dark blue body with black wings. Well documented Australian history. Truly lovely and extremely rare car ! This vintage tourer is the perfect summer picnic vehicle. Last summer we had a wonderful day out in her, wandering through the picturesque flemish country side. At the Antwerp Classic Salon, early March 2004, this Countryman Tourer, stole the hart of the well respected classic car jury and obtained the first price for a dealer car from the twenties. This absolutely underestimated vintage tourer could be your pride and joy for only 25000 Euro.

Brand	Armstrong Siddeley
Model	Countryman
Year	1927
