**Matching numbers:** Chassis n°: 1E33743 & Engine n°: 7E10922-9

Being born in 1955, many classic car enthusiasts of my age will agree that the Jaguar E-type was the super-sportscar of our youth!

Over the years, I have admired many and I have seen them in all sorts of colours, but never in this Valentine Beige livery.

With the original interior in Suede Green indeed an unusual but very pleasing presentation.

The strong point of this particular Series 1 4.2 Coupé is that this E-type is mostly original and untouched, which rarely happens and hence much appreciated by collectors.

Exported when new to the USA, this E-type returned approx. 25 years ago to the old continent and was immediately selected by a long term French customer of ours to be the centre piece of his fast growing Jaguar collection.

Not wanting to spoil his totally original (except for a light respray) E-type, this fully functional Coupé is sparingly driven and most of the time lovingly stored in a climatized garage.

Just admit, this is your chance to fulfill the dreams of your youth!
