Jaguar MKVII Saloon

1953

Gallery

This big cat saloon is absolutely something unique on the classic car market. This stylish Jaguar saloon with sporty XK120 mechanicals was totally (nut & bolt) restored over the last 3 years. Hundreds and hundreds of hours were spent on body, chassis, mechanics, trim, electricity, chrome, etc..., to obtain an immaculate MKVII. Spotless chassis and floors, stainless steel exhaust, concours engine bay, gorgeous interior in newly trimmed red leather, superb wood veneer, perfect West of England cloth and headlining and sunroof, correct and fully functional instruments, perfect shutlines on doors, bonnet & bootlid, attractive luggage compartments. Excellent paint job in stylish black on which sparkling chrome stands out nicely. You notice it, I need all the superlatives available to describe this big Jag. And the best is yet to come : her selling price ! Only 25000 euro. Wow ! Unbeatable offer !

Brand	Jaguar
