Jaguar XK120 by Oblin 1951 RHD For me as a Belgian classic car specialist it was a huge pleasure to be able to secure this famous and unique XK120 with "strong" Belgian history. - Chassis n° 660751 also known as L.T.1 was one of the 3 chassis (LT1 - LT2 - LT3) destined to carry a lightweight body and reserve cars for the 1951 Le Mans. - Went from the Jaguar factory straight through Belgian Jaguar importer Mme. Bourgeois to Martial Oblin coachbuilder in Brussels. - 2-nd in class in the 1951 Liège-Rome-Liège with Jacques Herzet - Georges Baudouin team. - Tour de France 1952 with Jacques Herzet - Lucien Bianchi team. - Alpine Rally 1952: 3-rd in class - Monte Carlo Rally 1952: 3-rd in class. - Lyon - Charbonnières 1952 - Brussels Motorshow 1952 - Louis Vuitton Classic Parc de Bagatelle Paris 2000 - Pebble Beach Concours - California USA - 2001 It was even so an honour to place this fabulous XK in the Jaguar collection of one of my very loyal customers.
