Lancia Aurelia B20 GT VI-th series 1957 RHD Chassis N°: B20 3899

Always a pleasure to welcome one of our ex-Lancia Aurelias back into our stock! As my customers and friends know, the Lancia Aurelia is one of my favourite classic cars. As a result of this passion for Aurelias, my classic car garage has built-up over the years a strong reputation and became a specialist for these famous Lancias. This Aurelia (is one of the 25 or so) was sold new in the UK (Mist's Garage - Birmingham) and while in the hand of successive British owners, very well taken care of. A comprehensive history file with letters of former owners also contains many, many bills and photographs of the bare metal and full mechanical restoration executed by specialist Peter Harding from Hampshire. Structure, body, paint, upholstery, mechanical presentation, road behaviour... all these characteristics can only be qualified as TOP! Not surprising to notice that to celebrate the 50th anniversary of the Aurelia, the June 2000 edition of Classic & Sportscar magazine chose this beautiful Aurelia as a bright star for their reportage. From 2005, this Lancia Aurelia resided in Belgium in the hands of a dedicated enthusiast and my classic car garage could ensure her follow-up. Sold back to a British enthusiast in 2010 which enabled to reclaim the valuable 5 COJ numberplate. As can be seen from the photographs, this Aurelia still demonstrates a sparkling presentation inside-out. For extra comfort Lancia Flaminia seats were trimmed in matching leather and installed into the car. Having benefitted from a full mechanical restoration in the past and thanks to the powerful 2,5 litre V6 engine combined with the typical transaxle mechanical lay-out, driving this 6th series Aurelia can only be described as sensational. Maybe the Aurelia acquired over the last 15 years just a gentle touch of patina , but, in my opinion, this only makes her more attractive! Are you in the market for a top-class Aurelia? Well, search no further: here she is!
