Austin Healey MKI 2-seater

1960

Galerie

Very rare and sought after 2 seater version of this early big Healey model. Considered by many as the purest and most elegant Healey 3000 model. Cosmetically restored approx. 8 years ago by Belgian British sportscar import specialist. Beautiful presentation in Ice blue and Old English white. Super sound body and chassis. Nice interior in dark blue leather and white piping with dark blue carpets. Correct and functional instrumentation. Full weather equipment in excellent condition. Equipped with optical identical 100/6 , 2.6 L 6 cylinder engine instead of the later 3.0 L unit coupled to correct 4 speed + OD gearbox. New wheels and tyres. Typical glorious sound through recent stainless steel exhaust. A snip at a very cheap 25.000 euro

Marque	Austin Healey
Modèle	MKI 2-seater
Année de construction	1960
Volant	Gauche (LHD)
