Chassis n°: 7777 Engine: 209 00032 Who doesn't dream to find behind garage doors which clearly didn't open for many years a 'beast' such as this Ferrari 330GT? Being able to roll the sixties Italian GT out into the bright sunlight and admire her dusty beauty penned by Pininfarina is a sensational experience! No later than the same day, once arrived into our classic car workshop, my whole team crawls in, under and over this supercar and brings forward the verdict: - Sold new in Belgium through Garage Francorchamps. - Exterior paint color: Initially dark blue, but now orange-red. - Interior: attractive beige leather with dark blue carpets piped beige. - Kms covered: Speedo showing 34.617 Km. - Previous owners in Brussels area were: 1) Delvaux 2) Adrien de Gellinck 3) Stephan Falise 4) Bernard Marreyt - Engine running smoothly. - Brakes seized. - Overall sound condition. - Acceptable but average paint presentation. - Beautiful original beige leather interior which just needs cleaning. Our hands started immediately itching to start with the reconditioning work! Yours also?
