Fiat 509 Sport Monza

1926

Galerie

Original Belgian racer which was always raced from the beginning in 1926 until now by her successive owners. Charming period photographs at the Grand Prix de Chimay in 1926 and on several other race meetings in Belgium. Because of her typical long angular profiled shape and typical Belgian yellow racing colour nicknamed "La Fritte". Irresistable patina after years of (ab)use on the track and on sporty events on the road. Glorious noisy side-exhaust. Typical staggered seats cockpit trimmed in nicely patinated black leather. Very attractive authentic alu dashboard with nice period instruments. Mechanically fully sorted under the care of the last enthusiast owner. Beautiful overhead cam 1.000 cc. 4 cylinder engine enabling a top speed of 105 Km./h. coupled to 3 speed gearbox. Metal rimmed wheels and wooden spokes fitted with new Dunlop tyres.

Marque	Fiat
Modèle	509 Sport Monza
Année de construction	1926
