Jaguar SS 2 1/2L DHC

1939

Galerie

Difficult to find a more stylish, well proportioned prewar classic than this one. Don't you agree ? Completely restored from the chassis onwards by leading Dutch restoration specialist (his adverts, and my website, are too expensive for modesty...) approx. 20 years ago. Full engine rebuild in 2000 by Belgian well reputed engine shop. The presentation in old English white with somptuous red leather interior and very attractive decorative interior wood finish, is still TOP. Also the mechanical condition is in absolutely full 100% healthy state. This ambitious project costed clearly lots of money and energy. Now available at a very reasonable price. Just ask !

Marque	Jaguar
Modèle	SS 2 1/2L DHC
Année de construction	1939
Volant	Droite (RHD)
