Facel-Vega HK500

1960

Galerij

Totally restored car at great expence by Facel Vega make specialist. Exhibited at the prestigious Paris Retromobile show, it must be one of the nicest HK500's around. This Chrysler 6.3 L V8 powered car with rare four-speed manual gearbox, was in the post-war years lonely at the top of the French car producers. Was used as an every day car by previous Belgian owner after a remarkless "controle technique" (MOT)-test. Super, exclusive, rare, stunning beauty. All those superlatives rightfully in this one HK500. Yours for a tempting 50.000 euro.

Merk	Facel-Vega
Model	HK500
Bouwjaar	1960
