Siata Daina Grand Sport

1952

Galerij

Impossible not to be charmed by the styling of this early fifties barchetta. Commercially maybe not so intelligent but certainly amusing for the enthusiast to discover the condition of this sports car as I got her in straight from the USA. You can imagine how our hands were itching to take off the ugly wheelarch extensions as quickly as possible... Now in the process of a complete body rebuild by a specialist coachbuilder in Italy, this Siata will very shortly arrive into our classic car workshop for the rest of the paint, trim and mechanical restoration. This rare Italian barchetta is for sure a safe and affordable classic car investment and will offer great prospects in all sorts of historical racing events where she will be a very wellcomed entrant. In fact a perfect historic Mille Miglia car for which this Siata Daina GS is absolutely eligible. Interested ? Just contact us. Photo 2 : Identical car at the start of the 1952 MM Photo 3 : Sister car (or maybe this very car) at Watkins Glen in 1952 Photo's borrowed from excellent book from my fellow country-man Tony Adriansens ISBN 90-801/97-2-5)
